

## FIRST RECEPTION HELD AT GOVERNMENT HOUSE

His Honor Lieutenant Governor and Mrs. Bulyea Received  
at the Gubernatorial Mansion Yesterday

For the second time in the history of the great North West a representative of the Crown has received the subjects of his sovereignty in a gubernatorial house on the banks of the Saskatchewan. Just thirty years ago last October Honorable David Laird was appointed the first Lieutenant-Governor of the then North West Territories and it is a coincidence worthy of note that the first Government House erected in the Territories should also have been on the banks of the Saskatchewan. Lieutenant-Governor Laird's official residence was at Pattison, the then seat of Government, and the old house still stands on a commanding eminence to the south of the old town of Battleford, overlooking both the Battle and North Saskatchewan rivers. Great are the changes that have taken place since 1876. The dwelling which conveyed the basket-ful of guests of the first Lieutenant Governor has passed into history with the buffalo and in their place has come the rubber-tired "hansom" in which self-labeled guests came yesterday to make their first official call on His Honor, Lieutenant-Governor Bulyea, and his charming wife at their handsome official home. Alberta's Government House stands on the northern bank of the Great Saskatchewan overlooking the winding valley as its first predecessor looked down upon the valleys of the Battle and Saskatchewan. In winter the view is magnificent, in summer it would be beautiful.

The first official reception in Alberta's capital commenced yesterday afternoon and is being continued this afternoon. From 3:30 o'clock until after five the Government House presented a scene of great gaiety and animation. Over 275 guests called during the afternoon. His Honor and Mrs. Bulyea attended by Capt. Worsey, A.D.C., received in the drawing room which is daintily finished in green and gold, and was beautifully and tastefully decorated with cream roses, white chrysanthemums and hyacinths, the fire place being banked with flowers and ferns. A dainty basket of narcissus and hyacinths, a gift adorned one of the pretty oak tables. After greetings had been exchanged the guests passed through a broad arched doorway into the dining room which is a very handsome room, the walls being paneled nearly to the ceiling with red. Along one side of the room are long French windows and a most inviting window seat, tastefully adorned with cushions. Chiffon lilies in an enormous bowl formed the centre piece upon the artfully decorated table. A pretty point-lace centre piece adorned one side of the table and pale green satin ribbon caught from side to side, at each end of which was a dainty bow.

Upstairs in the spacious hall, throughout the whole afternoon Richardson's orchestra discoursed sweet music, which added materially to the effect of the afternoon's reception.

Mrs. Bulyea wore a handsome gown of cream embroidered cashmere, mounted over cream tulle, elaborately trimmed with silk pleatings and Maltese lace with panels outlined with pleatings. A beautiful necklace of gold beads completed this charming costume.

Among those who registered were the following:

Mr. and Mrs. L. Lindsay Adamson, Misses Alanson, L. M. Ashwell, Messrs. A. Archibald, G. W. R. Almon, Osborn Adamson, J. J. Anderson.

Mr. and Mrs. N. D. Beck, Dr. and Mrs. E. A. Brathwaite, Mr. and Mrs. Butterfield, Mr. and Mrs. F. E. Butchart, Mr. and Mrs. P. J. Butchart.

## ANOTHER BANK FOR EDMONTON

Bank of Hamilton Will Open Branch Here in the Near Future

The eighth chartered bank to open business in the city of Edmonton will be the Bank of Hamilton, according to the announcement made by H. A. Aylwin, inspector for that institution.

Mr. Aylwin, who has been spending several days in the city recently looking for office room in which to open up immediately, announced yesterday that he had secured the building on First street now occupied as a fur store by McDougall & Secord, and would commence at the first of the week to make the alterations necessary to convert the premises into a banking house.

The deal was only provisionally completed and may be subject to alteration when Mr. Aylwin comes back to the city on Monday next, but it is almost certain that the Bank of Hamilton will occupy the Jasper avenue premises or they will take a place in the first block on First street.

If the Bank of Hamilton succeeds in getting its preparation made and opening up before the Northern, it will make the eighth bank to open up in this city.

There are now the Imperial, the Bank of Montreal, the Canadian Bank of Commerce, the Merchants, the Bank of Nova Scotia, the Union and the Credit Foncier. The Bank of Hamilton and the Northern will be opened up within the next two or three weeks and the indications are that the Bank of Hochelaga will open up here in the early spring, making ten altogether, almost every chartered bank in Canada being represented.

Mr. Aylwin left for the south on the C. & E. yesterday to visit Calgary, intending to return Monday. Mr. Aylwin of the Bank of Hamilton, is a brother of Mr. Fred Aylwin, real estate man of this city.

## TEES & PERSEE WILL OPEN BRANCH OFFICES HERE

Mr. H. G. Morris, representing Tees & Persee, wholesale brokers of Winnipeg, has been several days in the city, arranging to open a branch establishment of the firm here. A suitable location will be secured and a substantial building erected at as early a date as possible. The firm do a general brokerage business and are the western representatives for several eastern manufacturers.

## PLENTY OF WATER ON CANADIAN NORTHERN

Superintendent Pace of the C. N. R. announces that the difficulty with which that company has had to contend for several months past, with regard to their water supply has finally been overcome, and good wells are now down at Vermilion, Fort Saskatchewan, and Mundare and boring is going on at Chipman.

Previously the company has had a great deal of difficulty in getting enough water to supply their engines and has had to carry two tenders almost all the time. The shortage of water has frequently interfered with the time table and in some cases has stalled trains altogether. In the future, however there will be no delay from this cause.

## WAR DEBTS.

London, Feb. 15.—The Times published a despatch from Tokio saying that the financial program of the cabinet, which has passed the Lower House will be endorsed by the upper house. According to the program the war debts which will aggregate \$11,000,000 in 1907 will be completely paid off by 1910, during which interval there will be six operations of conversion. The program shows that domestic debts now amounting to \$287,500,000, will be entirely discharged in 1912.

—Winnipeg, Feb. 13.—William Featherstonehaugh, of Edmonton, on the occasion of his marriage in Belleville, Ont., to Miss Helen Butler, sister of the deputy minister of railways, presented his bride with a check for ten thousand dollars.

—Olds, Feb. 14.—An accident that may terminate fatally occurred to Mesdames Brown and Cunningham, last night. They started out with a company of young people for a party at Mr. R. Dunsom's in the country. When the rig was crossing the walk at Dean's corner the ladies were tipped out of the vehicle and are now lying in a critical condition at the Alberta. Slight hopes are entertained for their recovery.

## DEVONIAN IS ON THE ROCKS

Trans Atlantic Freighter Runs Ashore Off Massachusetts Coast

Scituate, Mass., Feb. 15.—The Devonian, a large freight steamer, is ashore on the southern end of Third Cliff. The weather is thick and a brisk northerly wind is blowing.

Boston, Feb. 15.—As soon as word was received that the Devonian had struck on the rocks off Scituate, three ocean going tugs were started from this city to her relief. At the Leyland line freight office it was learned that the Devonian carried 2000 tons of general cargo, consisting principally of machinery, Egyptian cotton and yarn. Passengers are—J. W. D. Page, wife and daughter, and G. Gillbrant. The Devonian is valued at \$1,500,000 and it is estimated that her cargo is valued at \$300,000. The Devonian registers 6,823 tons net.

## WERE NEGLIGENT

Ottawa, Feb. 14.—R. B. Rogers, superintendent of the Trent Valley Canal, resident Engineer, A. R. Davey and his assistant, Engineer Augustus Sawers, Inspector D. E. Bethune and Engineer Spence, all connected with the building of the lift locks at Kirkfield and Peterboro have been invited by the Minister of Railways to tender their resignations because of neglect of duty in connection with these works.

## CANADA'S GROWING TIME

Ottawa, Feb. 14.—The aggregate trade of Canada for the seven months ending with January, shows an increase of \$4,261,143 compared with the same time last year. The aggregate trade for the seven months was \$323,618,983, or over sixty-six millions greater than for the whole of the year 1897, when the preference was adopted. In regard to exports there was an increase in every branch. Agricultural products show an increase of over thirteen and a half million dollars.

D. D. MacKenzie M.P., for North Cape Breton and Victoria, has been appointed Judge in place of the late Judge Dodd.

## ROBINSON VISITS MEDICINE HAT

Wm. Robinson, the Great Northern engineer, who visited Edmonton on Saturday and Sunday last with a view to aiding up the railway situation for the Hill interests has also visited Medicine Hat and while in that city was more ready to divulge his identity. The Medicine Hat Times reports that he came to the city bearing a letter from J. S. Bethune of Ottawa, introducing him to Mayor Foster of Medicine Hat to whom he stated his intentions and with whom he spent a day looking over the ground.

Wm. Robinson, is the man who looked after the Great Northern interests in Ottawa at the time of the V. V. & E. fight, when the bill for that road was before the House.

## BUILDING MOTOR LAUNCHES.

K. A. McLeod has started what may be the establishment of a new industry in this city, the manufacture of motor launches. At his place on Rice street he has under construction half a dozen naphtha launches, one of which he proposes to keep for his own use and the others to sell.

The largest boat, which is the one he is building for himself, is 22 feet 6 inches over all, draws 18 inches of water, and will make 12 miles an hour. It will be rigged with a five horse power Buffalo engine, which will turn over at the rate of about 1200. The structure of the little ship is of oak, and the sheeting will be of B.C. pine, giving great strength for the weight. The boat complete and in the water will not weigh over 1,500 pounds.

The other five boats are all of the one pattern, being 18 feet over all, built of oak and B.C. pine and rigged with a two-horse power Buffalo engine. They will make nine miles an hour under full speed, and seven under check.

Mr. McLeod intends to put his boat in the water at Cooking Lake for use at his summer residence on Coney Island, and it is quite likely that one or two of the other launches will find their way to Cooking Lake also, where several Edmontonites spend the summer. As an addition to the pleasure craft already on Cooking Lake, the boats now being built by Mr. McLeod will be quite an acquisition.

## MORE TROUBLE IN THE FAR EAST

British Gun Boats Sent to Canton Under Secret Orders

San Francisco, Feb. 16.—Officers of the Toric bring news of the despatch of two British gunboats to Canton just before their departure from the Orient. The vessels were the gunboats Moorhen and Sandpiper which were lying at Samahin and steamed up to Canton under secret orders. Just before the Toric left Shanghai it was reported that there had been an uprising in the Sunning district near Canton and that the magistrate and many people had been killed. It was stated that the rebels had gathered in force and were marching in the city of Sunning and the inhabitants of the district were fleeing.

## WINNIPEG GRAIN PRICES

Winnipeg, Feb. 16.—No. 1 northern, 75¢-80¢, No. 2 72¢-75¢, No. 3 70¢-72¢, No. 4 68¢-70¢, No. 5 66¢-68¢, No. 6 64¢-66¢, No. 7 62¢-64¢, No. 8 60¢-62¢, No. 9 58¢-60¢, No. 10 56¢-58¢, No. 11 54¢-56¢, No. 12 52¢-54¢.

## KILLED BY NEGROES

Phoenixville, Pa., Feb. 14.—Max T. Kins, a baker, aged 24, was shot and killed by negroes who had entered his bakery for the purpose of robbery.

## MANITOBA DAIRY ASSOCIATION

Winnipeg, Feb. 14.—David Munro, of Winnipeg was today chosen as president of the Manitoba dairy association by the convention in the dairy school at the Agricultural College.

## MACLEOD MAN CALLED

Macleod, Alta., Feb. 15.—C. N. Campbell, for eighteen years clerk of the court at Macleod, died suddenly after an illness of thirty-six hours. Heart trouble was the cause. He was one of the best known men in Alberta.

## SELLING THE ASSETS

Toronto, Feb. 15.—Quantities of lumber, paints, brick and building material belonging to the York County Loan Co., which was scheduled at \$15,000 has been sold for \$15,812.83 by the liquidators. This is considered satisfactory and is accepted as a favorable outlook for the realization of 100 cents on the dollar on assets.

## PENNSYLVANIA SHOOTING AFFRAY

Danville, Pa., Feb. 14.—James Jones aged 44, was instantly killed today by Peter Dietrich in the latter's saloon. Dietrich was boasting of his manly manhood, when Jones bawlingly said that he did not believe he could hit a barn at twenty paces. This remark enraged Dietrich and he drew a revolver and sent a bullet into Jones' brain.

## WINNIPEG MEN SPEAK

Winnipeg, Feb. 15.—The feature of the session of the annual meeting of Western Canadian Immigration Association was the remarkable address of F. T. Griffin, of the C. P. R. lands department.

He alluded in terms which were equally amusing and convincing to the audience to the fact that although the C. P. R. had assisted in the establishment of foreign colonies by lending people money for various purposes of settlement, other railways had come in and reaped the benefits. Mr. Griffin laid stress on the point that not a dollar of money derived from the sale of lands had reached the shareholders' pockets and that despite the competition of rival companies, the C. P. R. still continued the policy of encouraging immigration, hoping for indirect as well as direct results.

Geo. Lynch, chairman of the executive committee spoke for the work of the committee. The executive was anxious that the association be carried on for another two years. They felt that the secretary spent too much time in soliciting subscriptions. That should be left to boards of trade in future. Westerners should realize the value of every settler secured for the country. If each man was worth \$250 to a railroad, according to J. J. Hill, he was worth as much to the villages, towns and cities. It was estimated that each settler produced \$3,000 per year. The association was entitled to credit for many of the settlers from the States. If the C. P. R. can give \$15,000 to the Dominion government, \$10,000 to Saskatchewan, \$5,000 to Alberta \$3,000 to this association, surely Manitoba could do more. Besides this the commercial institutions, banks, grain firms, mercantile and financial institutions should come to the association's assistance. C. W. Rowley moved that the association be continued. Hugh McKellar seconded the motion and stated that the Motion Jaws of trade had passed a resolution advising the Province of Saskatchewan to assist the association.

## SIX PASSENGERS INJURED IN A C. P. R. COLLISION

Freight Ploughs Into the Rear of Second Section of the Pacific Express Near Fort William

Winnipeg, Feb. 16.—Breause, the engineer on a westbound freight train, evidently disregarded the flag signals sent out by the conductor of the second section of the Pacific Express due in Winnipeg from the east, and a rear end collision took place at an early hour this morning at Oska, a point on the C.P.R. main line, forty-six miles west of Fort William, in which six western people and a resident of Battle Creek were injured. A short delay was being experienced by the express while the engineer was inspecting the injured on his engine. To avoid accident flagmen were sent back, one to a distance of half a mile and the other 500 feet. The freight engineer did not stop, however, and the result was that his engine crashed into the rear sleeper of express.

Winnipeg, Feb. 16.—In an accident on the Canadian Pacific Railway, just west of Oska, early this morning, the following passengers on board the second section of the C.P.R. Pacific express bound for Winnipeg were injured: Mrs. R. Barbour, Snowflake, Man.; Mrs. T. Rowe, Calgary; Miss Merrill, Wright, Osborn, Sask.; Esther Gardiner, Aylesbury, Sask.; aged 10 years; Ella Gardiner, Aylesbury, Sask., aged 12 years; A. McNabb, Battle Creek, Mich.; Mrs. A. D. Cardinal, Darlingford, Man.

## THISTLES AT CARBERRY TO-NIGHT

Brandon, Feb. 16.—The boys had a rest last night and play Carberr tonight. Powers and Johnston will be in the game on Monday against Brandon and at Portage on Wednesday night. Chester Banford plays to-night. The weather here is frosty but fine. The Winnipeg boys play Brandon here tonight in the championship series. The boys are all well, but rather fatigued.

## PRINCE ARTHUR WILL VISIT EDMONTON

Mayor May has received a letter from Lord M. J. Hanbury-Williams, of the Governor-General's staff, stating that Prince Arthur of Connaught, H. R. H., who is now in Japan with the Garter Mission, will return via Canada, and will arrive in Vancouver on the Empress of Japan on the 28th March. In his tour across Canada Prince Arthur and his party will be the guests of the Dominion Government, and it is proposed that he shall visit various provincial capitals, including Edmonton. The arrangements are not complete yet and probably will not be until after the arrival of the Garter Mission in Vancouver, but the Mayor and Lieutenant-Governor Bulyea have written the Government in Ottawa stating that they would be pleased to have Prince Arthur visit the city.

The Garter Mission, now in Japan, was for the purpose of conferring the title of Knight of the Garter on the Emperor of Japan. The members of the party comprising the Garter Mission are: Prince Arthur of Connaught, K. G., G. C. V. O., etc.; Lord Strathmore, K. C., V. O., C. B.; Admiral Sir Edward Seymour, G. C. B., O. M.; Col. Sir Thos. Kelly-Kenny, G. C. B.; Col. Arthur D. Wilson, G. V. O., C. B.; Mr. M. W. Lampson; Capt. W. F. G. Wyndham, Esquary to H. R. H.

**CARNIVAL WAS GREAT SUCCESS**

Strathcona Fire Brigade Band Gave  
 Fancy Dress Carnival Last Evening

The Strathcona skating rink last evening was the scene of one of the most successful fancy dress carnivals ever witnessed in either of the sister cities. The carnival was held under the auspices of the fire brigade band and those in charge may take credit to themselves for the most delightful manner in which the whole affair was carried through.

The rink was comfortably filled with spectators. The scene upon the ice was one for admiration. Nearly two hundred skaters were in costume, a number being present from Edmonton. For two hours the gaily attired throng enjoyed themselves upon the ice and furnished amusement and entertainment for the spectators. The ice was all that could be wished for, the costumes were varied and original, and for the large list of prizes offered by the management, the competition was keen in each class. The costumes of the small folks were especially admired.

One of the most interesting features of the evening was the series of races. There was great enthusiasm among those along the sides and the speeding race was exciting. An exceptionally exciting race was that in which the couples took part. This was won by W. Regan, of Edmonton, with his partner, Miss Groat. But it was a close run and Harry Hamilton, of Strathcona, with his partner, was a close second, reaching the rope almost on the heels of the winners.

The gentlemen's race was also a narrow one. Regan winning out with Dobson of Strathcona right behind him.

The judging of the costumes and selecting the prize winners for the various classes fell to the lot of Premier Rutherford, and Messrs. Brown, Godson, Wilson and McDonald, who performed their somewhat difficult duties with the utmost impartiality. At nine o'clock these gentlemen awarded the prizes to those skaters who in their judgement were worthy of them. And there seemed to be mutual satisfaction all round after the prizes were given out.

The Fire Brigade Band, to whom Strathcona and Edmonton skaters were indebted for the highly enjoyable affair, supplied the music for the evening, and did so in such delightful manner that many were the complimentary remarks passed upon their playing by visitors. The playing of the band shows excellent training and their selection of airs are up to the notch every time for skating purposes. He who wields the baton and is responsible for the training of the band is Mr. Fred Richards, and his musical associates are Messrs. Harold Ritchie, Jim. Millar, T. Lendrum, W. Jackson, J. Jackson, J. Richards, A. Richards, R. Peterson, R. Brook and A. Adam. Last evening the band occupied the centre of the ice and the music discoursed by them was not only enjoyed by the skaters, but also by the many spectators present.

At the conclusion of the races the ice was thrown open to all skaters, costume or no costume.

Following is the list of those fortunate in securing prizes for their costumes:

Best dressed lady—Miss Henderson, -waist, value \$3.00, donated by Douglas Bros.

Best dressed girl, over twelve—Miss McLean, in riding costume, ring, value \$3.00, by J. R. Wright.

**NOTICE TO CONTRACTORS**

SEALED TENDERS addressed to the undersigned, marked on the envelope, "Tenders for Construction," will be received at the office of the Commissioners of the Transcontinental Railway at Ottawa, until twelve o'clock noon on Monday, the 12th day of March, 1906, for the work required for the construction, in accordance with the plans, profiles and specifications of said Commissioners, for the following sections of the Transcontinental Railway, the said work to be completed on or before the first day of December, 1907, viz:

(1) District "F". From a point designated on the plans of the said Commissioners at or near the City of Winnipeg, to a point known as Peninsula Crossing, near the Junction point of the Port William branch of the Grand Trunk Pacific Railway, a distance of about 245 miles.

(2) District "B". From a point designated on the plans of the said Commissioners, at the north end of the Quebec Bridge and Railway Company's bridge in the vicinity of the City of Quebec, to a point near La Tuque, a distance of about 180 miles.

(3) A steel viaduct about 3,000 feet long across the Cap Rouge Valley, in said District "B", in the vicinity of the City of Quebec, the work to be performed in accordance with the General Specifications of the Commissioners of the Transcontinental Railway, and the General Specifications for steel bridges and viaducts of the Department of Railways and Canals of Canada, 1905.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, also in the office of the District Engineer at Quebec, Ontario, for the section of District "F", and for the section of District "B" in the office of the District Engineer at Quebec.

Persons tendering are notified that tenders will not be considered unless made in duplicate and on the printed forms supplied by the Commissioners. Separate tenders must be submitted for the work in each District.

Tenders shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners, and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed and fully inform themselves as to the quantity and quality of materials and character of workmanship required; and are understood to accept and agree to be bound by the terms and conditions contained in the form of contract, specifications, &c., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the Commissioners of the Transcontinental Railway for the sum of four hundred thousand dollars (\$400,000), for District "F", and two hundred and twenty thousand dollars (\$220,000) for District "B", and thirty-five thousand dollars (\$35,000) for steel viaduct in said District "B". Any person whose tender is accepted, shall, within ten days after the acceptance thereof, furnish the security required by the Commissioners for due and faithful performance of the contract according to its terms, sign the contract, specifications and other documents required to be signed by said Commissioners; and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners and to furnish the approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract: "All mechanics, laborers or other persons who perform labour for the purposes of the construction of the works hereby contracted for shall be paid such wages as are generally accepted as current for competent workmen in the District in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labour, and which are or shall be applicable to such works.

The contractor shall in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply and upon as good terms in Canada as elsewhere, having regard to quality and price.

The contractor shall conform to the Fire Regulations adopted by the Commissioners, and also to the Laws and Regulations respecting fire in the different Provinces wherein the work is being performed.

The right is reserved to reject any or all tenders.

By order, P. E. RYAN, Secretary.

The Commissioners of the Transcontinental Railway, Ottawa, 1st February, 1906.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

## THE TRUE NATIONAL POLICY

Canadian Liberals may well leave to their opponents whatever gratification may be found in profitless disputations regarding the authorship of confederation. In the history of that achievement Liberals have quite as great cause for pride have their political enemies and the part borne by their leaders of that day is too clearly written to require advertisement or defence. Confederation was, according to the point of view, accomplished by the co-operation or counter-balancing antagonism of the two parties and the Conservatives who today would bestow all the honor for such accomplishment on their departed chieftain are so palpably violating the commonly known facts of comparatively recent history as to defeat the purpose of their contentions.

However pardonable may be the pride of Liberals in the splendid history of their party and in the noble traditions which are their heritage, such pride should never be permitted to obscure the principle that Liberalism is the cause of the future, not the echo of the past. The genius of Liberalism is the spirit of accomplishment, its strength the power of progress and its justification to be found today not in the defence of a history which needs no defence, but in a purpose and a plan broadly shaped to meet the needs and opportunities of the coming time.

The future of Canada lies west of the Great Lakes and the rapidity with which that future shall be realized depends on the promptness and liberality with which provision is made for western development. Canadian history of the past decade if it teaches anything teaches that western development means general prosperity for Canada and that western development depends directly on the provision of the means which make possible and profitable the utilization of western resources. The true "national policy" for Canada therefore is the policy which makes for the rapid settlement of the West and for providing the means whereby the people who make their homes here may reap the reward of their labors. Fortunate is it for Canada that her affairs are guided by a Government which appreciates the circumstances of the hour and by a party whose interest centres in the future rather than the past.

## EQUITY SOCIETY AND SARON MEETING

To the Editor of the Edmonton Bulletin:

Dear Sir—

In your issue of February 12, is an account of an organization meeting of the Alberta Farmers' Association to which I desire a little space to reply. I wish to give information to the farmers of Alberta and all other parts of Canada just as far as your paper can reach them.

We wish to make the distinction between the two farmers societies a little more plain, so that farmers may have no excuse for confounding them. At first we did not quite see how this was to be done, because the Alberta Farmers Association claimed that they were after the same objects as the Society of Equity, only they preferred to obtain them in a little different way—but they had changed from considerably since and we are indebted to the "Gentleman living near Ellerslie" for making it so plain that none but a fool may be deceived.

It will be necessary for me to go back a little way to properly explain where the difference between these two societies started.

At a convention of delegates of the Society of Equity held in Edmonton on December 8, a constitution was brought forward by Messrs. Stevens and Warner as a means whereby the two societies, "the Equity" and the Strathcona Grain Growers might amalgamate and form a new and solid society styled Alberta Farmers Association. It had previously been placed before all our local unions and they were prepared to vote upon it, when a member of the Society of Equity made a motion that the constitution be not voted upon but withdrawn, and at the request of Mr. Stevens, Mr. Warner did withdraw it. A motion that a committee of each society meet together and draft another constitution that would be agreeable to both societies was also at request promptly withdrawn.

After leaving the room, the gentlemen who now represent the Alberta Farmers Association came back to ask that no ill-feeling be kept up over the matter, but that both societies work along peaceably together to organize the farmers. They were assured that the Society of Equity would not and did not have any but friendly feelings toward them.

Now we wish to state the reasons why the Equity Society refused to amalgamate on the constitution offered. It was because being so intimately con-

nected with the Government as they were, and receiving a Government grant as they frequently told us they would, the Equity Society was afraid they would be "taken in and done for" as farmers have been from time immemorial.

At this meeting the flag of peace was flying, but a few weeks later our organizer, by request, was in the district S. of E. of Strathcona, where, endeavoring to hold meetings of farmers he encountered such bitter opposition that at a special convention of the Equity Society it was decided to withdraw him altogether, and since that the Alberta Farmers Association have had things all their own way, and we can say their methods are successful, unless it happens that an Equity man is around, or that the farmers do not ask too many questions.

The Society of Equity is a society to conduct the business of farmers in a business-like way, and the founder of it, J. A. Everett, thought out a plan whereby farming might become as certain and as profitable as any other legitimate business enterprise.

The plan of controlled marketing simply gives the farmer the "right to make his own price and then enables him to get it."

Any man who can think for himself can easily see that this idea will bring about a revolution; and so it will, one of the greatest revolutions the world has yet seen, and this brings us back to the gentleman from Ellerslie.

We wish to state, and history will bear it out, that no revolution for the betterment of the people, has ever gone on its way unopposed by greed and corruption, or ever yet been encouraged by the existing governments. The Society of Equity expected this. They did not believe the Alberta Farmers Association was what it claimed to be, and, thanks to Mr. Fletcher, now we are sure of it.

Mr. Editor, this letter would not have been written had the gentlemen at the head of the Alberta Farmers Association kept close to the truth, and not made misrepresentations. A false statement with a little truth in it, is worst than one with none in it in the damage it can do. A statement went all over the country saying that the Equity Society near Edmonton and the Alberta Farmers Association had joined together. The president of the Alberta Farmers Association admitted this mistake and his note is on file. Again it was reported in the press they had organized at Fort Saskatchewan and Stony Plain, and this was again confessed by their resident to be false at Belmont, February 8. This confession we have, and now we propose to show how far from the truth Mr. Fletcher roams.

He states at Saron that this organization from the States was the "worst thing farmers could take hold of," and gives two reasons that prove nothing, but his hatred of that organization.

The stubborn fact remains that through the plan of the Society of Equity the organized farmers of the States made more money last year, than the combined efforts of the Governments of Canada and the U. S. have made for the farmers since they have been in business.

Because a large number of the Canadian farmers have taken up this plan and are attempting to work it here, and because our opponents realize the power of the plan to lift the farmer to the position that is his, is the real reason we have met this opposition, but one might as well attempt to dam back Niagara with a scoop shovel as slip this idea that has gone abroad among the farmers, that they can price their own produce and get it.

Now a few words as to our connection with the States, which our opponents made such a time about.

The writer has the honor of being the means whereby the "idea" started in this district, and has been connected with it ever since and states that all business that has been transacted has been transacted by Canadian farmers at Edmonton. Edmonton is our headquarters at present (when Canada is organized we may have to move the head office to a more central place). Indianapolis is the publishing office of our organ "Up to Date Farming."

This is the only agricultural paper that has yet dared to stand up and say that the farmer should put his price on his own goods," and, Mr. Editor, had we been able to find one paper in Canada that dared to come out and stand up for us in this fight, we would promptly have made it the Canadian organ for our movement, we are yet waiting, and, while we wait will hang tight to "Up to Date." We do not altogether blame the papers, they have to look after their dollars and cents, and that is all the Equity farmers are doing.

Mr. Fletcher speaks fully of politics and it is evident that he and his society are somewhere on the inside track. The Society of Equity is not worrying about politics at all, and maybe at some future time we will make our position clear, and maybe not; just now we are giving all our efforts to get a decent price for what the farmer grows and thus enable him to pay his bills promptly.

I wish to thank you, Mr. Editor, for the space given me, but it was forced upon us by our opponents that justice may be given our society. They may oppose us and we will not fight back, but we ask them to stick to the truth.

Yours sincerely,

In a Great Cause,

WILL J. KEEN,  
Secretary.

## C. N. R. OFFICIALS IN TOWN

A party of Canadian Northern officials consisting of W. A. Brown, superintendent of the system; Geo. H. Shaw, traffic manager, and Scott Griffin, superintendent of telegrams, arrived on the delayed C. N. R. express which reached the city at noon today. Accompanying them was Geo. Velle, wholesale liquor merchant, of Winnipeg, Captain John McDougall, of the steamer Athabasca, of the C. P. R. fleet on the great lakes, and W. Mortimer, of New York, who is taking a look through the country. The party except Mr. Mortimer, who is going through to Vancouver tomorrow, will spend two or three days about the city before going east.

Mr. Brown stated to the Bulletin today that he found everything running smoothly on the road and he hoped in a very short time to have everything moving on scheduled time all along the line both freight and passenger.

The selection of tobacco takes time and great care—the conditions of its growth, the soil, the planting, and the cultivation, must all be considered.

I have studied tobacco from the seed to the cigar. I have a thorough knowledge of the qualities grown on the different plantations in the Manicaria district of Cuba, where the best tobaccos are produced. It is from the best of these plantations that I buy the filler of my

## Pharaoh Cigar.

I was the first manufacturer in Canada to use Manicaria tobacco. It proved such a winner that the tobacco agents in New York sell thousands of bales of tobacco under that name that was never within one hundred miles of the district.

I visit these plantations every season, and personally select the tobacco I buy. The growers there call me a tobacco crank because I am so careful and particular in the selection of my tobacco. I would rather be thought a crank than jeopardize the quality of my Pharaoh cigar.

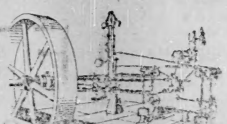

I know that every time you smoke a Pharaoh cigar you will thank me for being a tobacco crank—that is full recompense for my trouble and care.

## FARMERS' PAGE

### SCIENTIFIC FARMING

To the Editor Edmonton Bulletin:

The Department of Agriculture, the agricultural societies, and associations under the patronage of the Government and the agricultural papers are certainly taking a great deal of trouble to teach the farmers how to farm better. The farmers are certainly willing to learn. A good many of them are members of those societies, and subscribers to those papers. But it is not enough to know; the main question is to put theory into practice, and for this, as a rule, capital, or money, is just as necessary as science. Even without attending stock judging schools or lectures on agricultural topics, even without reading the agricultural papers, the average farmer is perfectly able to discern a good horse from a poor one; or a good cow from a bad one; but it does not follow that he is able financially, to procure the best kind of stock. He may know that his land would yield better crops if it was drained; he may know that his cattle and hogs would bring him better returns if his stables and pens were more comfortable; but it takes money to carry out those improvements. At the seed fair many farmers were better able to distinguish the best wheat or the best oats than to buy fifty bushels at a high figure to sow next spring. The farm papers and Government lecturers give the teaching, but not the money. They generally talk to the farmers as if the farmers all had a few thousand dollars in the bank to their credit. As a matter of fact, the average Alberta farmer is far from being a wealthy man just now. Lack of capital and uncertainty of a financial reward are the great barriers standing in the way of progress in agriculture. When the average farmer wants to acquire improved varieties of grain, improved stock, improved farm implements, it is not for the satisfaction or the pride to have nice fields of grain, fine, pure bred stock, perfect machinery. It is for the money he hopes to make out of them. But in the present circumstances he is not sure to increase his income that way.

Scientific farming, improved stock, improved machinery, will benefit a few farmers (the rich farmers) as long as only a few take advantage of them, so long as the general production is not sensibly affected; but as soon as the new methods are adopted by a great number of farmers, the production gets larger, and the prices fall in proportion. The larger the crop, the lower is the price. This is the law of supply and demand. We produce more grain, more beef, more pork, but we do not make more money. Why? Simply because we do not control the supply; because we dump our produce on the market at any time and at any price; because we let the buyers set the price on our own stuff.

We have to stand heavy expenses and make continuous efforts to keep up with progress, but we get no reward for our trouble.

We can produce twice as much grain as before the invention of the self-binder, but we sell it twice as cheap.

We have considerably improved our breeds of cattle and hogs in Alberta during the past few years, but we have to sell them at a loss.

Let us produce more; the middlemen, the railroad companies, and the speculators will make more money out of us, but we shall not make more money ourselves, until we become able by union and co-operation, to set our own price on our products.

The quantity of our produce is one thing, but the price is another thing.

Brother Farmers, you have the Federal Government, all the agricultural societies and associations under the control of the Government, the experimental farms, the farm papers, the grain dealers, the cattle dealers, the packers, the railroad companies, even all the speculators and gamblers on farm products to induce you to produce large crops. They will all try to make you produce more and more and more and more, whether it pays you or not. At present there is only one institution that will help you to obtain profitable prices for what you produce. There is only one organization at present that will enable you by its plan of controlled marketing and by international co-operation, to obtain always an honest reward for your honest toil. It is the American Society of Equity. Farmers of Alberta, you should join it, and support it and stick to it because it will put money in your hands to improve your lands and your stock. Then you will not only enrich the railroad companies, the middlemen and speculators, but you will enrich yourselves. Those who are working against the A. S. of E. are working against the best interests of the farmers and against the general prosperity of this country. It is not by competition among themselves, but by co-operation to obtain profitable and steady prices that the farmers will improve their condition.

### THE MARKETS

Edmonton, February 16.

Wheat

Deliveries in wheat have been rather light this week. The Dowling Milling Co. reports very light deliveries with prices:

No. 1 northern 63 to 65c.

No. 2 northern 60c.

on No. 3 northern, 55c.

Rejected, 40c.

At the Alberta Milling Co.'s mills the deliveries in wheat have been fairly good, considering the dry condition of the country roads, the farmers having to haul all their grain at present on sleds. They are paying for No. 1 northern, 63 cents, for No. 2, 60 cents, and for No. 3 wheat, 55 cents.

Oats

Brackman-Ker mills report extremely light deliveries in oats, the prices being from 24 to 26 cents.

Deliveries in oats have been very fair on the city market, and a good many loads came in yesterday. The prices quoted there are for feed oats, 25c to 26c, and for milling oats, 27c.

Hay

There is also plenty of hay in the city market yards, which is going at \$6 to \$8 for enough hay, for upland \$8 to \$11 and for timothy from \$14 to \$15.

Coal

Deliveries in coal on the city markets are very steady at \$3.50.

Williamson Bros. quote hogs at 51-4c alive; beef at from 21-12 to 3c alive, mutton at 51-2, chickens at from 12-12 to 15c, dressed, and turkeys at from 15 to 17, dressed.

Eggs are quoted at 35c and butter, for prints, is 22c to 25c, and for tub, is 18c to 20c.

**SPORTS****INTERMEDIATE THISTLES WON OUT**

In one of the fastest exhibitions of the national game ever seen in the rink here, the Intermediate Thistles defeated the students' team from the Alberta College by a score of 5-4, in the first game of the series for the medals donated by Dr. Reid.

The game was hockey every minute of the hour and was exciting for the slim crowd that gathered. Three times was the score tied. At the end of the first half the tally stood 2-1 for the lads from the college. Just after the draw in the second half "Cookie" Gauvreau notched the second count for the Thistles. The college got another, and in a few minutes the score was evened again. Again the college went up one, but Russell Johnson, with a lift which fooled Grady, tied the score. Ten minutes over was played, first five minutes of which resulted, in nothing. Changing ends five minutes more play and just as the bell rang Russell got in another lift which found the net, making the score 4-5. Gordon Banford at centre and Ernie Clarke on left wing were the stars for the Thistles. "Cookie" Gauvreau and young Paradis, who checked Dobson during the first half, also played up well. Jarrett, the rover of the students, and Walter Walker, at centre, did great work for the college bunch. Both Grady and Sutherland are hard to beat in the flags. Following were the games - For the Thistles: first, G. Banford; second, Gauvreau; third, Clarke; fourth and fifth, Russell Johnson. For the college: first, Dobson; second and third, Jarrett; fourth Dobson. COLLEGE THISTLES

**RAILWAY NEWS**

(Railway and Shipping World)  
Hudson Bay and North-West Ry.—The Dominion Parliament will be asked next session for an act authorizing the H.B. and N.W. Ry. Co. to amalgamate with the Manitoba and Keewatin Ry. The M. and K. Railway will also apply for an act authorizing its amalgamation with the H.B. and N.W. Ry. Both companies also ask for an extension of the time within which the authorized lines may be commenced and completed. No construction work has yet been undertaken by either company. Chrysler, Bethune and Larnmouth, Ottawa, are solicitors for the applicants.

Edmonton and Port Vermilion Ry.—The Dominion Parliament will be asked next session to pass an act incorporating a company with a title to construct a railway from Edmonton, Alta., northerly to Lesser Slave Lake, thence to the valleys of the Wabiskaw and Leon rivers, and along these valleys to the Peace River, and along that river valley to Port Vermilion. Pringle & Guthrie, Ottawa, are solicitors acting for the applicants.

Mackenzie River, Fort Simpson, Laird Post and Yukon Ry.—Applications will be made next session of the Dominion Parliament for an act incorporating a company with this title for the purpose of constructing a railroad from Fort Simpson, at the junction of the Liard and Mackenzie rivers in the North West Territories, south-westerly to Laird Post, hence northerly along the Liard River to where the 61 parallel crosses the river; thence northerly along and between the Campbell Mountains and the Finlayson River and Finlayson Lake to Pelly Banks Post on Pelly River; along the Pelly River to Earn River, and thence northerly to Dawson, Yukon. Power will also be asked to develop and distribute electric power, operate steamers and ferries, and effect a junction with any railway to be constructed from the south to Laird Post. C. D. Mason, Victoria, B.C., is solicitor for the applicants.

Regina and Saskatchewan Ry.—Applications will be made next session of the Saskatchewan Legislature for an act incorporating a company with this title with power to purchase or lease the Qu'Appelle, Long Lake and Saskatchewan Ry. and Steamboat Co.'s railway from Regina to Prince Albert, and to operate the same; also with authority to extend the line from Regina south-westerly to the Willow Bunch and Wood Mountain districts; from Regina southerly and south-easterly to the International boundary; from Prince Albert northerly to the northern boundary of the province; also the following branch lines: From Craven to Big Quill Lake; from Cralk to the northern end of Lost Mountain Lake; from Davidson westerly and northerly to the south Saskatchewan River, thence to the western boundary of the province; from Saskatchewan to the western boundary; and from Rosethorn to the western boundary. N. McKenzie, Regina, Sask., is solicitor for the applicants.

—Rev. Archibald Ewing will give a Scotch reading at the entertainment and social to be given by the Young People's society of First Presbyterian church this evening.

—A public auction sale of thoroughbred horses, cattle and hogs will be held at Vegreville on May 1, under the management of Vermillion and Beaver Lake Agricultural Society.

—Building permits have been issued to Jno. A. Wilson for a dwelling on First street to A. Carruthers & Co., for a store on First street, and T. W. Battick for a dwelling on the east side of Fifteenth street.

—Mr. H. McLeod, chief engineer of the C. N. R., was in the city yesterday, after having made an inspection of the work at the bridge at Fort Saskatchewan. He left for the south on the C. & E. this morning.

—The local office of the National trust Co. will be pleased to furnish shareholders of the York County Loan and Savings Co., with copies of the last report of the liquidators to the referee Mr. Neil McLean.

—Geo. Dearing of Winnipeg, and W. W. Blair of the same city, who were in town yesterday in connection with the Northern Bank furnishing, left this morning on the 12:01 train for their own city.

—At the Thistle rink last night teams from the Hudson's Bay stores and from Ross Bros. came out on the ice and made the snow fly for an hour in an attempt to play an exhibition of the popular game. After the boys came out of the scramble the bunch from the hardware emporium found a score of 6-3 in their favor.

—Two curling games were played last night in the Calgary Cup competition. Kinnaird being defeated by Galbraith with a score of 14-9, and Thom winning from Ibbotson, by a score of 15-10. Tonight the games are Jellie vs. Secord in the semi-finals for the Edmonton cup, and Bellamy vs. Moore in the Calgary cup competition.

—The next game of hockey in the series between Alberta College and the Intermediate Thistles, will be played on Monday evening in the Thistle rink. The set of silver medals donated by Frank Goode and Lennie Goodridge to the Intermediate Thistles and which were played for between Calgary and the Thistles, and won by the Edmonton boys, are being exhibited in the windows of A. Bruce Powling.

—A second smoking concert is being arranged by the cricket club for Saturday February 24th, and will be held in Houserton's hall, beginning at 8.15 p.m. Tickets are one dollar and can be obtained from Messrs. A. H. Jones, C. Lucas, E. Slocock, R. H. Stinson and P. C. Strongtharm. The program is in the hands of Messrs. Lucas and Powling. The chair will be taken by Mr. J. D. Hyndman.

—The light at the E. Y. & P. station down at the foot of the hill has been condemned and removed to the brow of the hill at Third street and another light has been placed at the corner of Clark and Kinsinger streets, making 55 lights altogether in the city at the present moment. Fifteen more lights are ordered and will be placed at the points designated by the commissioners as soon as stock is received.

—The entertainment to be given in Robertson's hall next Tuesday, Feb. 26th, should prove a great success. Messrs. A. E. Hopkins and R. S. Robertson will each give an exhibition of club swinging, and Mr. R. G. Lowe will render two vocal selections. These with the fencing exhibitions with sword, rapier and foil, will help to make a splendid program. The tickets are now on sale at Archibald's drug store. The orchestra under the direction of Mr. Irving will give selections during the program.

### EDMONTON WILL CONTROL BRICK MARKET

P. Anderson, of Anderson & Co., brick makers, who returned from Winnipeg and intermediate points on Tuesday, placed some heavy orders for Edmonton brick in Winnipeg, Prince Albert and Saskatoon while away and has sufficient business assured to guarantee a very active season at the yard during the summer. The Canadian Northern has given a special rate on brick, which makes it possible to lay Edmonton brick down in Winnipeg and intermediate points at a cheaper rate than can be done by the brick yards on the other side of the line, which have heretofore been supplying the Manitoba trade, the effect of which rate will undoubtedly be to centre the brick industry of a large part of the Prairie Province in this city.

Mrs. Stockdale, of Montreal, and her daughter went east yesterday afternoon on the C. & E.

A. M. Anderson, the Leduc merchant, was a guest at the Windsor yesterday, leaving this morning for home.

Mr. W. A. Deyl, Provincial License Inspector, returned from Calgary yesterday, where he had been investigating some alleged infractions of the license law.

Mrs. A. B. Bennett, one of Edmonton's most charming singers, who has just returned from a trip to the old country, will leave on Monday for Calgary to take a leading part in an operette.

Rev. E. J. Chegwain, of Moose Jaw, is visiting in the city for a few days, and during his stay is looking into the system of education in vogue in Alberta College, with the object of establishing a similar institution in the south.

At the home of Mrs. Stewart, Namayo avenue last evening Dr. Donald Marlon of Strathcona, and Miss Lillian May Rurges, were united in marriage, the ceremony being performed by the Rev. Arch. Ewing. Owing to a recent bereavement in the bride's family, the wedding was of a private nature.

### RE-ARRANGING CITY OFFICES

A general change of location is being made in the offices over at the city hall. The public works office, which is presided over by J. W. Hargrave, has been moved from the second story onto the ground floor and now occupies the floor formerly used as a reading room. The city engineer, the building inspector and the plumbing inspector are also occupying the same offices, while the city electrician has moved into the office, first door to the right of the Rice street entrance, lately occupied by the city engineer. The electrician's room in turn, has been taken over by the fire chief as a living room.

### THE MANGLEMAN CASE

The preliminary hearing of the Mangleman murder case, which has been dragging along for three weeks at the Fort comes up again on remand tomorrow and will probably be disposed of. The witness for whom the police have been hunting, John Wiest has been located and will be on hand tomorrow.

### VERMILION PROSPEROUS.

C. E. Ellerman of Ellerman, Houston & Co., real estate agents, Vermilion, was a visitor in the city yesterday. Mr. Ellerman is enthusiastic "booster" for Vermilion, as he believes that it is due to become the greatest farming country in the entire north-west. He states that the yard is full of freight cars all the time, and that settlers are pouring in there every day. Mr. Ellerman went east again on the Canadian Northern train this morning.

### NORTHERN BANK WILL OPEN AT ONCE.

The assignees of the Stovel estate have been notified by the Northern Bank to vacate the premises corner of Jasper and Queen, at present occupied by the Stovel hardware stock, at the earliest possible moment, as it is the intention of the bank to commence at once on the remodelling of the premises for the purposes of the bank.

The Stovel stock is being moved today, and on Monday the mechanics will be in the building to commence the repairs. George Dearing of Winnipeg, who was in the city for a couple of days, leaving last night, and W. W. Blair, architect, of that city, are the people in whose hands the remodelling has been placed, and they hope to have the work completed inside two weeks. The fixtures, which were shipped by the Canadian Pacific Railway some time ago, have been delayed in transit, but should reach the city within the next two or three days. The new bank will probably be opened by the first of the month.

The Stovel stock in the meantime will occupy the rear of the premises until disposed of, using the Queen street entrance.
